FROM: Barry W. Dress

SUBJECT: JL Testimony before Senate Committee on Labour & Health

On January 12, Dr. Lederberg spoke before the Senate Committee on Labour & Health, chaired by Senator Kennedy. The invitation to JL was for a 5 minute presentation, but he was encouraged to continue for a total of 15 minutes. Josh reports that the gallery attendance was maximum, with considerable press. Five senators, including Senator Kennedy, participated.

JL did not speak from a prepared text, but attached is a copy of his reference notes, for your information and file. JL has expressed interest in repeating his remarks, either for the Trustees or the Council (Van, let's discuss).

Note to Judy Schwartz: Let's mention this JL activity in the faculty briefs section of News & Notes.
